Mit BG BAU Förderung

Image shows exemplary use

- ★ Practical tooling vacuum cleaner ideal for use in crafts and workshops
- ★ Long filter service life and safe operation due to automatic filter cleaning (NONSTOPVAC)
- ★ Additional powerful socket (2400 watts max.) with automatic switch-on for power tools
- ★ Listed with BG Bau for possible receipt of an occupational health and safety bonus

EVO TOOL VAC

Versions:

IEC / IEC EE
certificated

EVO TOOL VAC Dry and wet vacuum cleaner

Air flow adjustable to diameter of accessories

Signal lights for monitoring filter and air flow rate

NONSTOPVAC Filter dedusting

Power socket 2400 Watt

Adjustable suction power

Engine protection: Cooling air filter

Position main filter, flat, filter class M 0.5 m²

Hook for accessories and cable holder

Seat Cartridge filter HEPA, filter class H 0.8 m²

Position fleece filter 20 l

Dirt container with PE bag 26 l

Swivel castors with brakes and directional stop

Stable wheels

Reliably powerful tooling vacuum cleaner, ideal for use in crafts and workshops. Suitable for extracting hazardous substances up to asbestos.

Powerful socket (2400 watts max.) for power tools.

Integrated automatic switch-on enables convenient and clean working.

Air flow can be individually adjusted to the diameter of the accessories.

Intuitive and clear control:

Adjustable suction power, signal lights to monitor filter and air flow rate.

Two-stage filtration system:

1st Filter stage:

Dust class M PTFE flat filters.

2nd Filter stage:

Dust class H

Additional HEPA Cartridge filter for vacuuming hazardous dusts.

Automatic filter cleaning (NONSTOPVAC) ensures safe operation with long filter service life.

Length connection cable: 7 m
